To Whom It May Concern

We, ELCOMEX IEA, with registered office in Cernavoda, Medgidiei street, no 2B; Constanta County give recommendation for ESTRALIN AG and their Romanian Team at Estralin Power Systems Srl. as supplier for complete cable systems. In 2012, Estralin delivered and installed 2 (two) cable circuits 420 kV at Stupina for Transelectrica (Romanian National Grid) in direct contract with ELCOMEX IEA. Same year 2012, Estralin delivered and installed 2 (two) cable circuits 110 kV in ENEL Green Power Romania's S/S as sub-supplier to ELCOMEX IEA's subcontractor Haley Cables.

Cables were installed in ground (trenches with sand bed) as well as in cable trough (concrete cubicles) inside Substation / GIS premises.

We are satisfied with on-time delivery and high quality of delivered goods and services (Manufacturing Inspections, FAT, Training, Cable Pulling, Erection of accessories, SAT) and intend to use ESTRALIN as supplier in future as well.

On behalf and for,

Florin ZAHARIA

Operation Manager
