To: «Estralin PS» LLC
General Director
Pavel Vetkhov

Dear Mr. Vetkhov,

«Severelectro» JSC expresses its gratitude to «Estralin PS» LLC for the excellent quality of works performed during the turnkey project of construction of a new double circuit 110 kV cable line from 110/35/6 kV SS «Bishkek» to 110 kV outdoor switchgear of «Power Station-1» in Bishkek (Kyrgyzstan), with a route length of 2950m. All works had been carried out in the period from April to November 2018.

The contract of the «Design, Supply, Installation, Tuning and Commissioning of a 110 kV cable line for connecting the new 110/35/6 kV SS «Bishkek» to «Power Plant-1» in Bishkek» was signed between «Severelectro» JSC and «Estralin PS» LLC in August 2017 for a total amount of 4,000,000.00 USD under the financing of the World Bank and got a commissioning certificate of acceptance in December 2019.

«Estralin PS» LLC performed a full range of works and services, such as design, construction of a cable line, supply of equipment and materials, cable laying, installation of cable accessories, urban landscaping along the cable line, high voltage tests, acceptance tests and commissioning works.

The following cable products were delivered for this project:

- cable type 2XS(FL)2Y 1x500 RM/185-LWL-64/110kV in the total length of 18579m manufactured by «Estralin HVC» LLC;
- outdoor termination MKB-126-CU 500/185 O in the amount of 6 pieces manufactured by «Arkasil SK» LLC;
- cross-bonding joint MSV 126-CU 500/185 OX in the amount of 12 pieces manufactured by «Arkasil SK» LLC;
- SF6 termination EHSVS-145-OF in the amount of 6 pcs. manufactured by Suedkabel;
- temperature monitoring system.

«Estralin PS» LLC has proved to be a reliable partner with qualified personnel capable of a flexible approach to work, taking into account the peculiarities and differences in laws and terms of coordination in another country. All works were carried out on time, in accordance with applicable building codes and rules, technical bid conditions, safety regulations and with

appropriate quality, as well as the terms of the contract. At the same time, during the project execution process, the wishes of the Customer were taken into account and modern building materials and advanced technologies of construction were used.

«Severelectro» JSC wishes you professional growth and look forward to further fruitful and mutually beneficial cooperation.

Kind regards,

General director
